FRUTAROM
FOUNDED 1933

Frutarom Introduces Osteo-Life™

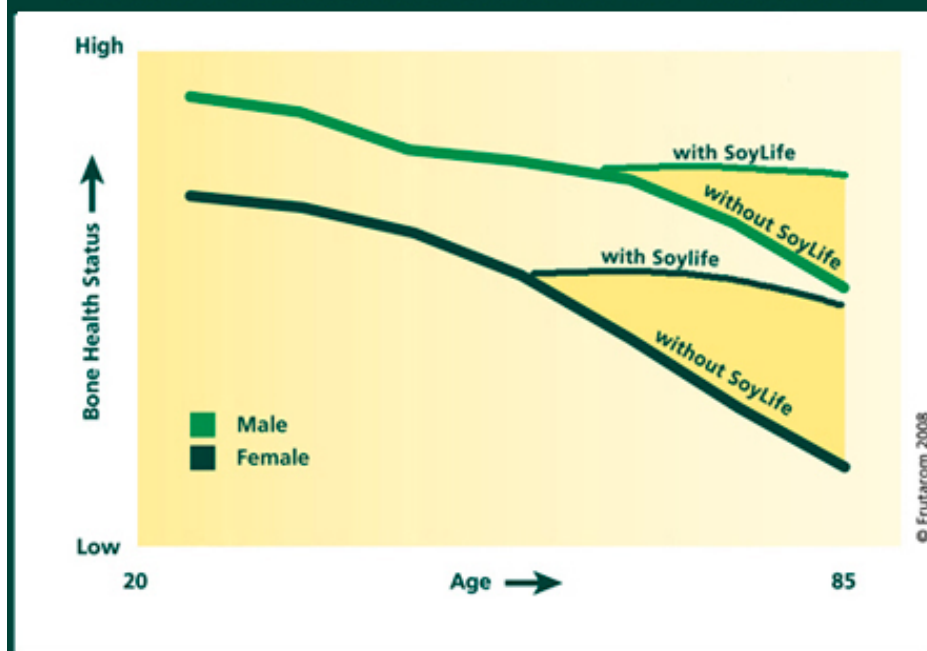

A proprietary blend of SOYLIFE®, calcium carbonate and vitamin D, the same ingredients used in the OPUS (Osteoporosis Prevention Using Soy) research study*.

By inhibiting bone resorption and stimulating bone formation, SOYLIFE provides a superior advantage over calcium supplementation alone.

When developing beverages, baked goods, pasta, treats and dietary products to support strong and healthy bones for men and women,

Think Osteo-Life™

Intended Bone Health Benefit with Osteo-Life™

Going to Natural Products Expo West 2008?

Stop by Booth 656 for details about Osteo-Life™ and SOYLIFE®.
